VALENTINES YOU MAY GET TO-MORROW

Delicate And Artistic Little Billet-
doux Along With Blunt Ridi-
cule and Sarcasm.

SMILE AT WHATEVER COMES.

Don't be surprised at what the mail
brings you tomorrow; it's St. Valen-
tine's Day, and nearly any communica-
tion on this day is permissible. Uncle
Sam grows lenient on St. Valentine's
Day, and shuts his eyes to the ridiculous
pictures sent through the mails, and
wishes to bear a striking resemblance to
the various recipients.

If you wear "store clothes" you are
liable to get a "comic" in red, yellow
and sky blue, sent by the tailor, which
reads:

You miserly old grouch,
You look like a slouch.
Why don't you dress up a bit?
You've money to burn,
Why don't you learn
How to get rid of it?

Just smile; you're all right if your
heart is in the right place whether your
clothes have the latest cut, or are baggy
at the knees.

Or, if you should be inclined to take
an occasional drink—not enough to be
noticeable—and some one should send
you the typical picture of the original
and only author of the "Face On the
Barroom Floor," with a verse like this,
don't be angry:

You low-down, dirty sot,
To stop drinking you cannot;
You're a disgrace to the town,
You booze-fighting clown.
Buck up, why don't you,
And join the W. C. T. U.?

Of course, all valentines that you re-
ceive won't be like these. Some of them
will be real tokens of friendship and
love. And these are good. The tiny
little envelope that you find on your
desk this morning, addressed to you in
big round, childish letters, that you
may recognize instantly as little Ma-
belle's, is real love, for it is the token of
her affection for her father.

Or, to receive a beautiful "thingama-
jig" that you don't know what to do
with—that is, if you are a young man—
but which you recognize by the faint
perfumery that seems to permeate every
note and letter that you receive from
her to be her gift—that, too, is a token
of love.

And it is these tokens make the day
good, even though by the same mail
may come those foolish epistles of ridi-
cule and sarcasm, that your envious ac-
quaintances will send to you.

WILL CRUISE YACHT ORION.

Dr. M. R. Peck has chartered the yacht
Orion for the remainder of the season
and he and his family will make an ex-
tensive cruise on her. Captain Pelsang
will be in charge and they will cruise
from St. Augustine to Key West. They
will be back in Daytona harbor in time
for the automobile tournament.

BIG FREEZE OF 1895 IN MEMORY

For Years After Everything Was
Dated From The "Big
Freeze."

ORANGE INDUSTRY RETURNING.

Yesterday Daytonians read in the
Daily News a good deal about the anni-
versary of Abraham Lincoln's birth. It
is of more than passing local interest to
recall an event that occurred eighty-six
years later, an event which all Floridians,
especially fruit growers, recall with
clearness. Tomorrow is the fourteenth
anniversary of the great Florida freeze
that destroyed hundreds of thousands of
dollars' worth of citrus fruit trees. The
groves are now coming on and the crop
of fruit is nearly as large as in the balmy
days before the freeze. Many are get-
ting back into the industry but a very
large percentage of those now growing
citrus fruits have engaged in the culture
since the memorable freeze of 1895.

Nothing that ever happened before
or since had so stunning effect upon
Floridians as that big freeze. It cost
Florida millions of dollars.

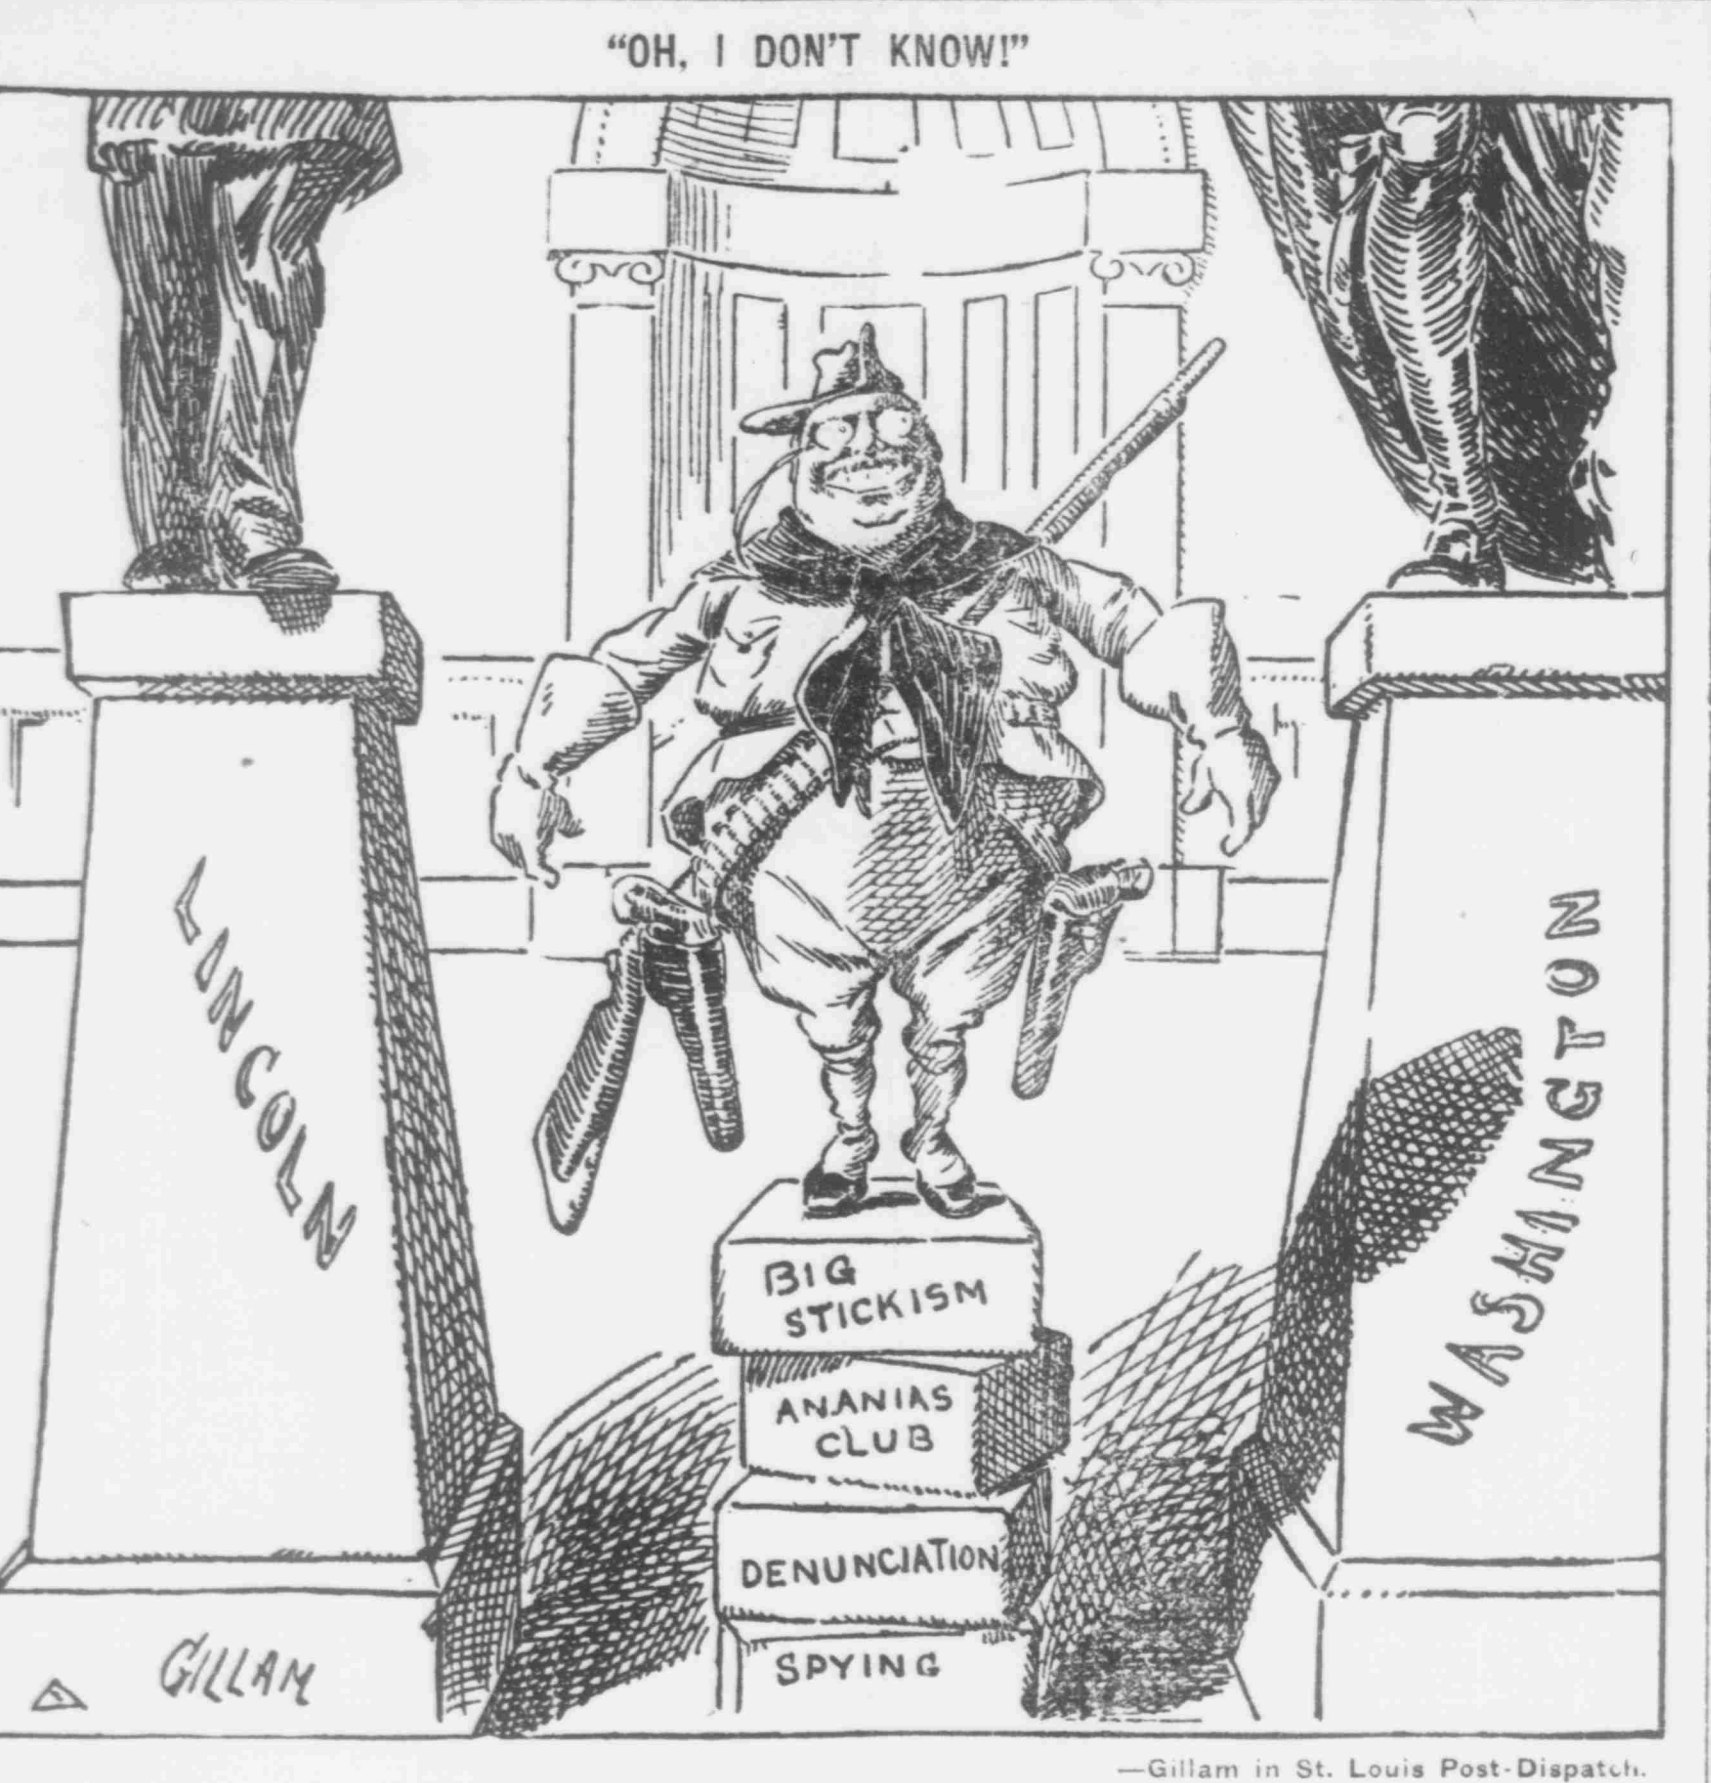

There were hundreds of men with
beautiful homes in picturesque flower
gardens surrounded with large groves
that yielded them independent incomes.
The writer recalls some who pretended
to have grove interests as a mere fad, a
side interest, a play thing; their chief
financial interests were held in Northern
bank stock, farm loans, and certificates
of one sort and another as the investor's
fancy chose to represent it. When the
freeze came and the bottom dropped
out of some of these men were glad to get
jobs as clerks and bookkeepers at \$40
per month back where they held the
mortgages. It's a wise guy that knows
how far to play a bluff.

These fellows had drifted down here
many years previous with a few hundred
dollars had built up nice grove interests
and had hobnobbed with the "hot-air"
tourists till they had convinced them-
selves that they were "some pumpkins".

The good old times are returning, and
as there were citrus trees standing fifty
feet tall which had stood fifty years
without freezing, so again it may be fifty
years before so destructive a blizzard
again descends upon this great penin-
sula.

BANDITS IN COLORADO.

DENVER, Col., Feb. 13.—Two masked
robbers today held up a Denver &
Rio Grande train at Military Junction;
they looted the mail and escaped.
Word of the robbery was sent to Fort
Logan and an auto load of heavily armed
police started in pursuit.
The bandits compelled the train crew
to uncouple the engine and mail cars.
They fired 50 shots.

HAS BECOME A MACHINE.

(By United Press.)

WASHINGTON, Feb. 13.—"After
four years' experience in the House I
am strong in my conviction that there
must be a change in the rules unless the
House of Representatives is to perman-
ently degenerate into a machine for
registering the will of the Speaker." This
was the opening sentence of a red-hot
speech delivered this afternoon by
Representative Hayes, of California.
Hayes was elected on an anti-Cannon
platform, and has been prominent in
insurgent movements ever since.

ELKS HAVE GOOD TIME.

The new Daytona Lodge of Elks No. 1141
held the most successful meeting they
have yet had last evening. One
candidate was given what was coming
to him and all the new Elks who saw it
say they got their money's worth
and then some.
The new quarters are as handsome as
can be found anywhere and visiting
Elks are requested to make use of the
parlors and reading rooms at all times.
Remember the place, over Rowe's jew-
elry store.
Next Friday night there will again be
work, after which refreshments will be
served. All Elks are invited.

ELKS ARE COMING STRONG PASSED ANOTHER, THURSDAY

Antlered Herd Are Now Holding
Fourth Place, Close to
Eastern Star.
The count of Thursday evening shows
that the Elks have passed another, Miss
Maggie Morgan, and are now in fourth
place, not so far behind the Eastern
Star but that they hope to go by even
that Order in a few days. At the same
time the Eastern Star, Rifles and Day-
tona High School each had large votes,
the High School being farther ahead
than they ever were.

Outside of Daytona the contest is
comparatively quiet. The Kingston
school gained a little, and Miss Ruby
Spaulding, of Daytona Beach, had a
large vote, putting her ahead of Miss
Jennie Murray, of New Smyrna.

A number of late comers are not
familiar with the nature and rules of the
contest. The clerks in the various
stores, where votes are given will cheer-
fully and systematically give you all the
information you desire, they are used to
it, so be sure to ask them and become
interested.

The firms in the city that gives votes,
one for each penny's worth of purchase,
are the following: Gazette-News and
Daily News, Gruber Morris Hardware
Company, McDonald Meat Market, M.
B. Aultman, Gents' Furnishing Store,
Peck-Hendricks Dry Goods Company,
the Atwood Pharmacy, M. W. Handlin,
proprietor, the George Clark Book Store,
Bingham & Maley Furniture Company,
and the Lyman grocery.

When making purchases at any of
these places be sure to get your votes.
If they are not given you anyway, why
ask for them. Some friend of yours
who is a candidate will be glad to get
them.

AMUSEMENT BY THE WEEK

John W. Berry, manager of the Os-
tling Amusement Company, is in the
city perfecting plans for a week of high-
class entertainment in this city. It is
said to be a bang-up company introduc-
ing clean and yet convulsing amuse-
ment.

They have not yet made a definite
date but the company will be here
either the week of March 1st or March
15th.

The Company is now at the State
Fair at Tampa and is said to be one of
the drawing cards.

WOUNDED BY AN ADMIRER.

(By United Press.)
PORT NORRIS, N. J., Feb. 13.—
Mrs. Charles Kinkle was fatally wound-
ed and her 15-year old son, Frank, cri-
tically hurt by William Dunnigan, an ad-
mirer, today. Mrs. Kinkle, who is sep-
arated from her husband, kept house for
Joseph Sumner, having with her four
children. Dunnigan, according to the
woman, has been forcing his attention
upon her. Early today he forced an en-
trance into her home and fired into the
bedroom where the woman was sleeping.
He fired a second time, wounding the
boy. Dunnigan escaped but was later
captured. There are little hopes that
the woman will recover.

PROTOCOLS ARE SIGNED.

(By United Press.)
WASHINGTON, Feb. 13.—Special
Commissioner Buchanan cabled the
State Department today from Venezuela
that protocols providing for settlement
of the American claims have been signed
and would leave Lagayara next Tues-
day.

FIXING FOR MR. KNOX.

(By United Press.)
WASHINGTON, Feb. 13.—A bill re-
ducing the salary of the Secretary of
State so as to enable Secretary Knox to
assume that position in the Taft Cabinet
was recommended for passage in the
House today. A similar measure has
already passed the Senate.

COMING, A BUNCH OF HIGH FLYERS.

Stidham Wires: "Morgan Arrang-
ed For Aerorautic Races, Aero-
planes, Dirigible Balloons."

RUB UP YOUR FIELD GLASSES.

The Editor is just in receipt of the fol-
lowing telegram from F. D. Stidham,
Senator Morgan's representative, now
in Chicago:

"Morgan arranged today for aeronautic
races including aeroplanes and dirigible
balloon aeroplanes similar to Wright
Brothers. Entries for automobile races
are coming finally."

Doesn't that sound pretty well?

With the beach lined with great whir-
ling monsters limbering up for action,
their electric batteries popping like a
squad of Gatling guns, trained on a re-
calcitrant street mob; with swarms and
warms of people lending attention to
the scene, and with the circumambient
heavens swarming with dirigible bal-
loons and aeroplanes thick as blackbirds
and robins in the hammocks, the match-
less city on the Halifax will be going a
pace that will have a tendency to make
the ordinary citizen dizzy.

THE HOME WRECKERS.

The following story illustrates the ef-
fectiveness of properly directed adver-
tising:

"I was out at Hoopston, Ill., some
years ago, paying a visit," said a gentle-
man, when an instance of the effect of
advertising came to my attention. The
owner of the local paper published this
item:

"The business man of this town who
is in the habit of hugging his typewriter
had better quit or we will publish his
name."

"The next day thirty-seven business-
men called at the office, paid up their
subscriptions and left behind them
thirty-seven columns of advertising, and
told the editor not to pay any attention
to foolish stories."

Hooligan in New York.

"Hooligan in New York," which is
booked to appear at Wilman's Opera
House next Wednesday evening, can
truthfully be termed the quintessence
of fun. Unlike most comedies it has a
plot, and this plot is in the main re-
sponsible for the many ludicrous mis-
hap and complications that round out a
solid three hours of fun. The company
that will present "Hooligan in New
York," has been carefully selected. The
audience has yet to be met, which has
not been captivated by this mirthful
comedy, and its many special features.
Not a little of the fun is furnished by
Flip, Hooligan's dog, which has been
trained and drilled by one of the best
animal trainers in America. Reserved
seats at Hankins' Drug Store.

CHARGE SAID TO BE POLITICAL.

(By United Press.)
ST. PETERSBURG, Feb. 13.—A
warrant for the arrest of Maxim Gorky
was issued by the police today. The
charge is supposed to be political al-
though no information is given out.
Gorky is now believed to be in Italy.
Owing to revolutionary writings he left
Russia for Italy with the idea of staying
there indefinitely. Gorky is 40 years old.

ARE JURORS INCOMPETENT?

(By United Press.)

NASHVILLE, Tenn., Feb. 13.—Interest
in the Cooper-Sharp murder trial today
turned to Prosecutor McCame. Imme-
diately after court convened Judge Hart
announced that he would hear a state-
ment from the State's Attorney to the
effect that he had evidence which might
result in two members of the present
panel being unseated.

MAY GRANT DIVORCE.

(By United Press.)

EDINBURGH, Feb. 13.—Comments
made today by Lord Guthrie presiding
at the trial of the counter divorce suit
of John Alexander Stirling during Coun-
sellor Clyde's concluding speech in be-
half of Stirling today indicate that Stir-
ling will be granted a divorce, and that
possibly the wife may be also granted a
divorce. It is generally thought if such
done both will be denied the privilege of
remarriage.

PAY VISITS TO SCHOOLS.

Professor J. L. Wright, Superinten-
dent of the city schools, with some of
his teachers, made a visit Thursday to
the Seabreeze schools. Friday morning
they visited the Kingston school and in
the afternoon they went down to New
Smyrna and visited the schools of that
prosperous municipality. They enjoyed
the visits greatly and think that in
methods and teaching ability the
schools of Volusia county are efficiently
managed.

Held Basket Picnic.

A basket picnic was held last night in
the Kingston school house, the proceeds
to go towards the completion of an im-
proved room in the building. The
children and their parents and friends
gathered in goodly numbers and a most
enjoyable evening was spent by the as-
sembled company. All the baskets were
sold and the receipts of the evening
proved very satisfactory.

The Modern
Seven Wonders

Daytona's Incomparable Ocean Beach.
 One of Daytona's crowning glories is
 her incomparable beach. No one who
 ever set foot upon its smooth, packed
 sands; no one who ever pedaled a bi-
 cycle over its expanse; no one who ever
 drove a prancing pair of horses and list-
 ened to the popping of their steel shoes
 upon its asphaltum-like face; no one
 who ever steered a high-power automo-
 bile down the broad stretch of wave-
 washed and surf-packed sand but real-
 ized that it is a world-beater, a world-
 wonder. Go stand upon this wide
 speedway and see the happy souls flit
 by in joyous mood, and answer whether
 this is not one of the seven modern
 wonders.

The Placid, Pelucid Halifax River.
 Where think you is water with more
 picturesque surroundings? Nearly a
 mile wide, fringed with tropical vegeta-
 tion, artistic cottages with roomy ver-
 andas looking out upon her bosom,
 gamey food fishes in countless numbers
 beckoning, as it were, to those with rod
 and reel; her bosom flocked with duck
 and coot and snowy-winged sea birds,
 which sit about as if for the sport of
 bobbing upon her waves; watch that
 lubberly old white headed p-leican perch
 a fat mullet, and that fish hawk tug-
 gling upward with his floundering load
 he snatched from the water.
 See the beautiful launches, spick and
 span, their hampers and lockers bulging
 with refreshments both solid and li-
 quid ready for a cruise upon her beautiful
 surface. Take out your field glass and
 sweep the river from Ormond bridge to
 Ponce Park light house, then say
 whether the Halifax isn't a thing of
 beauty and a joy forever, and one of
 the modern wonders.

The Enchanting Picturesque Ridgewood.
 Ridgewood avenue is upon the crest of
 a broad ridge, straight as the crow flies,
 and the wide-spreading branches of the
 heavy-trunked live-oaks extend their
 giant arms across this magnificent vista,
 forming an arch, and from these extend-
 ed arms great festoons of Spanish moss
 sway as the trade winds from tropic seas
 fan them. Looking straight ahead down
 this white shell street one has the im-
 pression of a fairy path with elfish dra-
 peries, but as you move along and cast
 an eye first to the right and then to the
 left you see distinguished cottage homes
 in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.
 No one of Daytona's attractions, per-
 haps commands more nearly universal
 attention and praise than does the artistic
 cottage. The owners of these charm-
 ing villas hail from every corner of the
 country and they bring their own archi-
 tectural plans and build upon them, and
 as the architecture of one section of the
 country differs from the architecture of
 another so do our homes differ in out-
 ward appearance and structural beauty
 from one another. There are no monoton-
 ous rows of strikingly similar buildings
 but the eye, as it sweeps by, is treated to
 a kaleidoscopic change which keeps the
 mind wondering "What next?"

Streets and Pavements the Most and Best.
 Why the Architect of the Universe
 chose to give to Daytona the most ad-
 mirable, the most picturesque natural
 setting of all the cities of the South is
 not revealed but that such is a fact
 must be apparent to the most superficial
 observer. With such lavish wealth of
 natural beauty it became an easy thing
 for the hand of man to give the little
 finishing touches which have brought
 out the colors and outlines of the big
 picture.
 Man did all this in the laying out of
 the streets with their wide margins of
 parkage, the entire city becomes a
 great park
 And as for pavements, pavements
 that look and act like granite,—where-
 else between the eastern and western
 seas are so many miles in proportion to
 inhabitants? Till some unheard-of
 place reports more and better, Daytona
 throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.
 Whatever one's shortcomings and
 however indifferent or even callous one
 may be to many things, the mere men-
 tion of "squirrels and flowers, birds and
 fruits" will send a thrill that is reflected
 in distended pupils and prickled ears.
 For every visitor with a spare "goob-
 er" there is a bunny ready to come out
 and accept your gift. He will sit bolt
 upright and gnaw into the meat, casting
 furtive, saucy glances at you meanwhile.
 Flowers! Usually fresh and blooming
 the year round. In one yard roses of
 variegated hues predominate, another
 has a penchant for the poinsettia and
 the premises are aflame; another is hid-
 den in a jungle of tall cane.
 The birds flit in, and with their joyous
 notes help to give fullness and symme-
 try to the picture.
 As for fruits, choice citrus fruits, Day-
 тона yields the palm to none for quality
 and quantity per acre. There are scores
 of citrus groves in proximity to the city,
 branches bending to the earth with their
 burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed
 are broken with every recurring season.
 Autos the biggest, the fastest and the
 finest are on daily parade and the big
 show is as free as the pure artesian
 water from the thousand flowing wells.
 It is a continuous show with constantly
 shifting scene. You will probably catch
 the spirit and when you do the roads
 and the beach are yours. The Florida
 sunshine is free, the balmy ocean
 breezes are free, the birds and squirrels
 and flowers are free, the sparkling
 fountain water is free and you will have
 to go down in your wallet only for coin
 for the auto and bed and board.

This is no fanciful picture; it's all
 here. It is drawing other thousands
 and holding them enthralled, it will
 charm and hold you. Come and see.

 son and Mr. and Mrs. R. J. Hubbard
 and daughter, all of Indianapolis,
 Ind., stopped over at Daytona be-
 tween trains Friday, having heard
 the city's beauty discussed by fel-
 low-travellers. They met while here
 an old friend in the person of C. G.
 Wiggins, of Second avenue, at whose
 summer hotel, The Wawasee Inn they
 have spent many seasons.

Sixty Kinds of Bananas.
 To most persons in the temperate
 zones a banana is a banana. But the
 truth is that there are over sixty
 known varieties of the fruit, with as
 great or greater variation in character
 as in the different kinds of apples.
 Hawaii is said to have something over
 forty distinct varieties of the fruit,
 most of which have been introduced
 by the whites. Some of these are of
 extremely delicate and delicious flavor,
 while other kinds are used, if at all,
 only when cooked in various ways.
 There is scarcely a city house lot or
 country "kuleana" or homestead which
 does not have a clump or two of ban-
 anas, which grow with practically no
 care, new plants or suckers shooting
 up to replace the ones which have
 fruited and been removed.—Los An-
 geles Times.

The Bee's Market Basket.
 Every bee carries his market basket
 around his hind legs. Any one exam-
 ining the body of the bee through a
 microscope will observe that on the
 hind legs of the creature there is a
 fringe of stiff hairs on the surface, the
 hairs approaching each other at the
 tips, so as to form a sort of cage. This
 is the bee's basket, and into it after
 a successful journey he will cram
 enough pollen to last him for two or
 three days.

Hotel Palm Beach.
 The dock of Hotel Palm Beach was a
 gay scene today, as the "Constitution"
 landed her passengers. Several passen-
 gers who stopped over from the last trip
 were on the dock to greet the genial
 Captain, who had brought down more
 of their friends to this garden spot. One
 can easily put in a week at this resort
 and stop over one boat. Dancing was
 general in the hotel, and the life here is
 delightful now. Sidney Maddock, owner
 of the Hotel Palm Beach, took out sev-
 eral of the Daytona visitors in his craft
 to the places of interest. A. S. Wash-
 burn entertained friends in the Palm
 Room of the hotel. Among those there
 in his party were the Misses Glass, W.
 G. Havill, Miss Eckert and Z. Nelson
 Allen, of New York City. Many who
 came south by train will make the trip
 back to Daytona by the boat, for it
 gives one a delightful change from the
 railroad, and new scenes enroute.

Ivy Lane Inn.
 The one hundredth anniversary of the
 birth of Abraham Lincoln was most in-
 terestingly celebrated last evening at
 the Ivy Lane Inn by the guests of that
 house. The parlors were crowded and
 the occasion will be one for long
 remembrance. Judge C. M. Pond acted
 as master of ceremonies.

The meeting was opened by all join-
 ing in the patriotic song, "The Star
 Spangled Banner." Mrs. McGee then
 gave a brief sketch of Lincoln's early
 life and closed her remarks by giving
 President Roosevelt's estimate of the
 great Commoner. This was followed by
 Henry Watterson's beautiful tribute to
 Lincoln from a Southerner's standpoint.
 Mrs. Stanley recited this article with
 telling effect. The war president's
 Gettysburg speech and the history of
 its production were well read by Mr.
 Duellendorf. Mrs. Green recited in a
 most pleasing manner a fine article on
 Lincoln's literary style and his sense
 of humor. But the speech of the
 evening was made by Col. Cantine,
 of New York. He spoke eloquently
 on Lincoln as a man and a statesman
 and then paid a glowing tribute to the
 noble and patriotic women of war times.
 The consensus of opinion seemed to be
 that Lincoln was the equal of Wash-
 ington in patriotism, the peer of Webster
 and Gladstone in statesmanship, the
 model for all rulers in acts of justice and
 sympathy, and altogether, the climax
 man of his time. The meeting was
 closed by a hearty rendition of the
 national song, "America."
